CAREER SUMMARY

Software engineer with strong problem-solving, software development, and system design skills. Well-versed in technology and writing code to create systems that are reliable and user-friendly. Extensive experience in creating mobile and web application software using Industry-standard development and deployment practices. Good communication, leadership and collaboration skills. Strategic thinker with a strong drive and passion for developing optimal software solutions that suit user specifications.

WORK EXPERIENCE

SENIOR SOFTWARE ENGINEER

April 2021 - Present

Andela

<https://andela.com/>

Software Engineer at Andela Talent Network, where I work on contract under Andela with various companies.
Currently working as a lead Front End Engineer at Safaricom, the biggest Telcom in Kenya, <https://www.safaricom.co.ke/>

Technologies used:

- React
- React Native
- Nodejs/Express
- MongoDB
- Nextjs

LEAD SOFTWARE ENGINEER

January 2020 - July 2021

Filmo Realty

<https://filmorealty.com/>

Responsible for leading the product team in management, update and deployment of all the company's in-house web applications and proptech solutions like Vamp and residio for facilities and home management.

Achievements:

- Successfully redesigned all company's web application interfaces.
- Provided reliable pro-tech solutions to residential and industrial structures in 12 states all over Nigeria.

Technologies used:

- Laravel
- VueJS
- AdonisJS
- NodeJS

LEAD SOFTWARE ENGINEER

September 2020 - March 2021

Asset and Equity Group

<https://assetandequitygroup.com/>

Lead software developer at Asset and Equity, an investment banking company which offers financial services as well as government registration and licensing services. I lead the product team to build better service delivery through software.

Achievements:

- Set up and structured the product team from scratch
- Developed complete user and web platforms for company and business registration and licensing.

Technologies used:

- React
- React Native
- Nodejs/Express
- MongoDB
