CAREER SUMMARY

Software engineer with strong problem-solving, software development, and system design skills. Well-versed in technology and writing code to create systems that are reliable and user-friendly. Extensive experience in creating mobile and web application software using Industry-standard development and deployment practices. Good communication, leadership and collaboration skills. Strategic thinker with a strong drive and passion for developing optimal software solutions that suit user specifications.

WORK EXPERIENCE

SENIOR SOFTWARE ENGINEER
Andela

April 2021 - Present · https://andela.com/

Software Engineer at Andela Talent Network, where I work on contract under Andela with various companies.
Currently working as a lead Front End Engineer at Safaricom, the biggest Telcom in Kenya, https://www.safaricom.co.ke/

Technologies used: React · React Native · Nodejs/Express · MongoDB · Nextjs

LEAD SOFTWARE ENGINEER
Filmo Realty

January 2020 - Present · https://filmorealty.com/

Responsible for leading the product team in management, update and deployment of all the company's in-house web applications and proptech solutions like Vamp and resido for facilities and home management.

Achievements:
- Successfully redesigned all company's web application interfaces.
- Provided reliable pro-tech solutions to residential and industrial structures in 12 states all over Nigeria.

Technologies used: Laravel · VueJS · AdonisJS · NodeJS

LEAD SOFTWARE ENGINEER
Asset and Equity Group

September 2020 - March 2021 · https://assetandequitygroup.com/

Lead software developer at Asset and Equity, an investment banking company which offers financial services as well as government registration and licensing services. I lead the product team to build better service delivery through software.

Achievements:
- Set up and structured the product team from scratch
- Developed complete user and web platforms for company and business registration and licensing.

Technologies used: React · React Native · Nodejs/Express · MongoDB

SOFTWARE TRAINER
Software Development Academy

January 2021 - Present · https://b2b.sdacademy.pl/

Contract trainer at SDA, a software training academy based in Tallinn Estonia, where I teach basics of Javascript, HTML and CSS, Java as well as core concepts of programming and software development, also training students in programs sponsored by companies like Accenture.

Technologies used: HTML/CSS · JavaScript · Java

SKILLS & TOOLS

Frontend
- Ionic/AngularJS/Angular 7
- ReactJS
- JavaScript
- React-native
